

# Do not allow our Central Library Status to be removed!

# SHOW YOUR SUPPORT

**Thursday, July 13, 2017 6:00pm**

**Grace Greene Baker Community Room**

The Mount Vernon Library has been Central Library for sixty years!

The Mount Vernon Library has the largest collection of books in  
Westchester County!

We are the premier research library with items that are not  
available at any of the other Westchester libraries!

If we lose Central Library Status, we will lose \$30,000.00 every year!

We will lose the distinction of being the central, sole repository of  
Westchester County!

Let your voice be heard on Thursday, July 13, 2017, when the Westchester Library System's Central Library Study Committee will meet at The Mount Vernon Public Library Grace Greene Baker Community Room at 6:00pm. This is your opportunity to support your library. Let the committee know that you want Mount Vernon to remain the Central Library for Westchester County.
