Hello Board of Trustees:
Marcus alerted me last week that he believed someone had used my social security number and other personal information to file an unemployment claim. Since I have not filed an unemployment claim I immediately went onto the Dept. of Labor website and filed a fraud form. In the meantime, I am concerned with a possible data breach here at the library. In the last year there have been three employees that have had an issue with a fraudulent unemployment claim, this is a red flag, and I feel that the first place to secure our data is with the ADP system. **I am also requesting a full scale investigation into the possible data breach with several employees of the library.** Now, I am forced to begin the process of alerting the three major credit agencies to the identity theft so that they can monitor my accounts for the next year. I am deeply disturbed by the current conditions here at the library. **I will await a response in the next few days from our board.**
